

U-87 MG

Strain Information

SMOC番号 NM-N01

Cell Line

維持形態 Validation of tumorigenic capacity completed

説明 The U-87MG cell line is human cell derived from malignant gliomas from a male patient, likely with Glioblastoma.

*Literature published using this strain should indicate: U-87 MG cell line (Cat. NO. NM-N01) was purchased from Shanghai Model Organisms Center, Inc..

表現型データ
