

# NCI-H441

## Strain Information

SMOC番号 NM-FX06

Cell Line NCI-H441

維持形態 Validation of tumorigenic capacity

説明 human lung adenocarcinoma cell line

\*Literature published using this strain should indicate: NCI-H441 cell line (Cat. NO. NM-FX06) was purchased from Shanghai Model Organisms Center, Inc..

## 表現型データ

\*Wild-type cell lines are not for sale, and only applied to construction of tumor bearing mice and in-vivo efficacy studies.
