

# NCI-H209

## Strain Information

SMOC番号 NM-FX09

Cell Line NCI-H209

維持形態 Validation of tumorigenic capacity

説明 human small cell lung carcinoma cell line

\*Literature published using this strain should indicate: NCI-H209 cell line (Cat. NO. NM-FX09) was purchased from Shanghai Model Organisms Center, Inc..

## 表現型データ

**\*Wild-type cell lines are not for sale, and only applied to construction of tumor bearing mice and in-vivo efficacy studies.**
