

Cryzl1-Flox

系統名	C57BL/6Smoc- <i>Cryzl1</i> ^{em1(flox)Smoc}
SMOC番号	TBD
維持形態	Developing

遺伝子の概要

Gene Symbol Cryzl1	Synonyms	QOH-1, 2210407J23Rik, 2410006O11Rik
	NCBI ID	66609
	MGI ID	1913859
	Ensembl ID	ENSMUSG00000058240
	Human Ortholog	CRYZL1

説明

These mice carry loxP sites flanking target exons of *Cryzl1* gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of *Cryzl1* gene.

*Literature published using this strain should indicate: *Cryzl1*-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..
