

Leprot-Flox

系統名	C57BL/6Smoc- <i>Leprot</i> ^{em1(flox)Smoc}
SMOC番号	TBD
維持形態	Developing

遺伝子の概要

Gene Symbol Leprot	Synonyms	LEPR, VPS55, Obrgrp, OB-RGRP
	NCBI ID	230514
	MGI ID	2687005
	Ensembl ID	ENSMUSG00000035212
	Human Ortholog	LEPROT

説明

These mice carry loxP sites flanking target exons of Leprot gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of Leprot gene.

*Literature published using this strain should indicate: Leprot-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..
