

Lat-Flox

系統名	C57BL/6Smoc- <i>Lat</i> ^{em1(flox)Smoc}
SMOC番号	TBD
維持形態	Developing

遺伝子の概要

Gene Symbol Lat	Synonyms	pp36, p36-38
	NCBI ID	16797
	MGI ID	1342293
	Ensembl ID	ENSMUSG00000030742
	Human Ortholog	LAT

説明

These mice carry loxP sites flanking target exons of Lat gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of Lat gene.

*Literature published using this strain should indicate: Lat-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..
