

Chil6-Flox

系統名	C57BL/6Smoc- <i>Chil6</i> ^{em1(flox)Smoc}
SMOC番号	TBD
維持形態	Developing

遺伝子の概要

Gene Symbol Chil6	Synonyms	BYm, Chil8
	NCBI ID	229688
	MGI ID	2682303
	Ensembl ID	ENSMUSG00000027902
	Human Ortholog	CHIA

説明

These mice carry loxP sites flanking target exons of *Chil6* gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of *Chil6* gene.

*Literature published using this strain should indicate: *Chil6*-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..
