

Chd8-Flox

系統名	C57BL/6Smoc- <i>Chd8</i> ^{em1(flox)Smoc}
SMOC番号	TBD
維持形態	Developing

遺伝子の概要

Gene Symbol Chd8	Synonyms	Chd-8, Duplin, HELSNF1, AU015341, mKIAA1564, 5830451P18Rik
	NCBI ID	67772
	MGI ID	1915022
	Ensembl ID	ENSMUSG00000053754
	Human Ortholog	CHD8

説明

These mice carry loxP sites flanking target exons of Chd8 gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of Chd8 gene.

*Literature published using this strain should indicate: Chd8-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..
