

Ibtk-Flox

系統名	C57BL/6Smoc- <i>Ibtk</i> ^{em1(flox)Smoc}
SMOC番号	TBD
維持形態	Developing

遺伝子の概要

Gene Symbol Ibtk	Synonyms	BTKI, AA409502, mKIAA1417, 5430411K16Rik
	NCBI ID	108837
	MGI ID	1918677
	Ensembl ID	ENSMUSG00000035941
	Human Ortholog	IBTK

説明

These mice carry loxP sites flanking target exons of *Ibtk* gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of *Ibtk* gene.

*Literature published using this strain should indicate: *Ibtk*-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..
