

Dusp11-Flox

系統名	C57BL/6Smoc- <i>Dusp11</i> ^{em1(flox)Smoc}
SMOC番号	TBD
維持形態	Developing

遺伝子の概要

Gene Symbol Dusp11	Synonyms	AI481497, 2010300F21Rik
	NCBI ID	72102
	MGI ID	1919352
	Ensembl ID	ENSMUSG00000030002
	Human Ortholog	DUSP11

説明

These mice carry loxP sites flanking target exons of Dusp11 gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of Dusp11 gene.

*Literature published using this strain should indicate: Dusp11-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..
