

# MDA-MB-436

## Strain Information

SMOC番号	NM-R16
Cell Line	MDA-MB-436
維持形態	Validation of tumorigenic capacity completed
説明	Human breast Carcinoma cell line
	*Literature published using this strain should indicate: MDA-MB-436 cell line (Cat. NO. NM-R16) was purchased from Shanghai Model Organisms Center, Inc..

## 表現型データ

Figure 1. Tumor growth curve of MDA-MB-436 xenograft model (n=5)

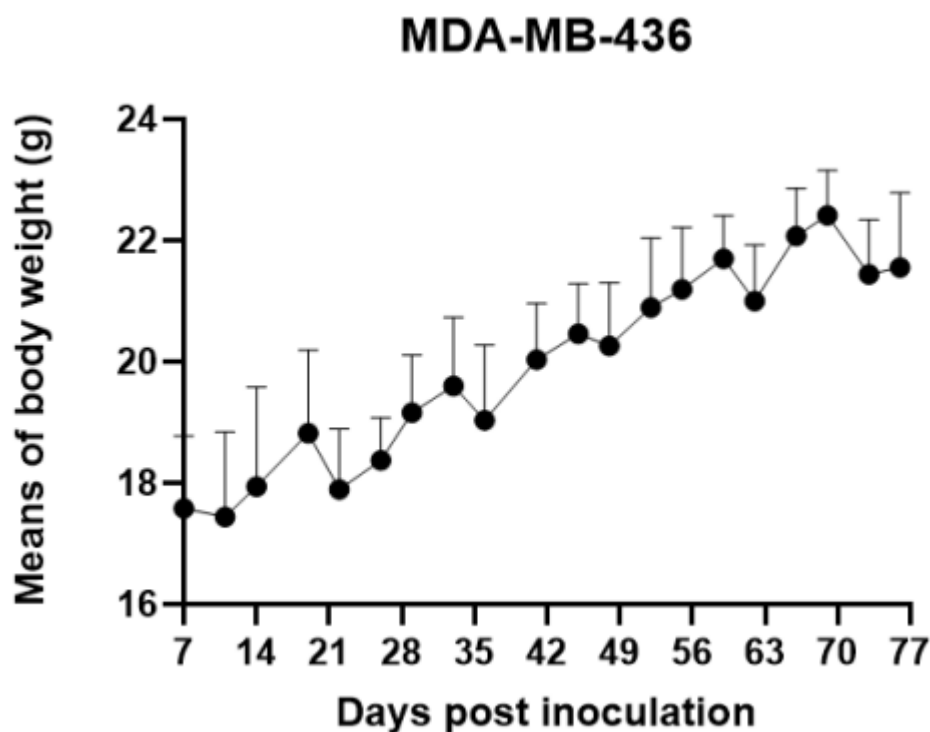

Figure 2. Body weight change of MDA-MB-436 xenograft model (n=5)

\*Wild-type cell lines are not for sale, and only applied to construction of tumor bearing mice and in-vivo efficacy studies.
