

Caki-1

Strain Information

SMOC番号	NM-SA02
Cell Line	Caki-1
維持形態	Validation of tumorigenic capacity completed
説明	Human renal clear carcinoma cell line
	*Literature published using this strain should indicate: Caki-1 cell line (Cat. NO. NM-SA02) was purchased from Shanghai Model Organisms Center, Inc..

表現型データ

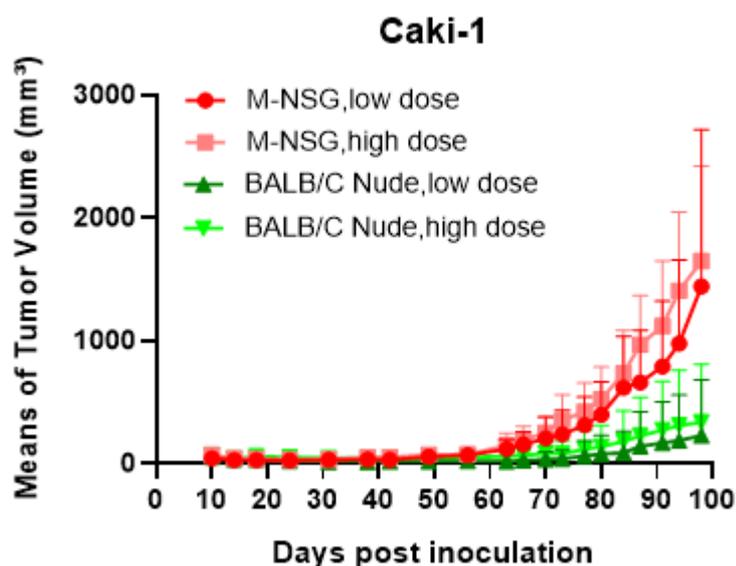

Fig1. Tumor growth curve of Caki-1 xenograft model (n=4~5)

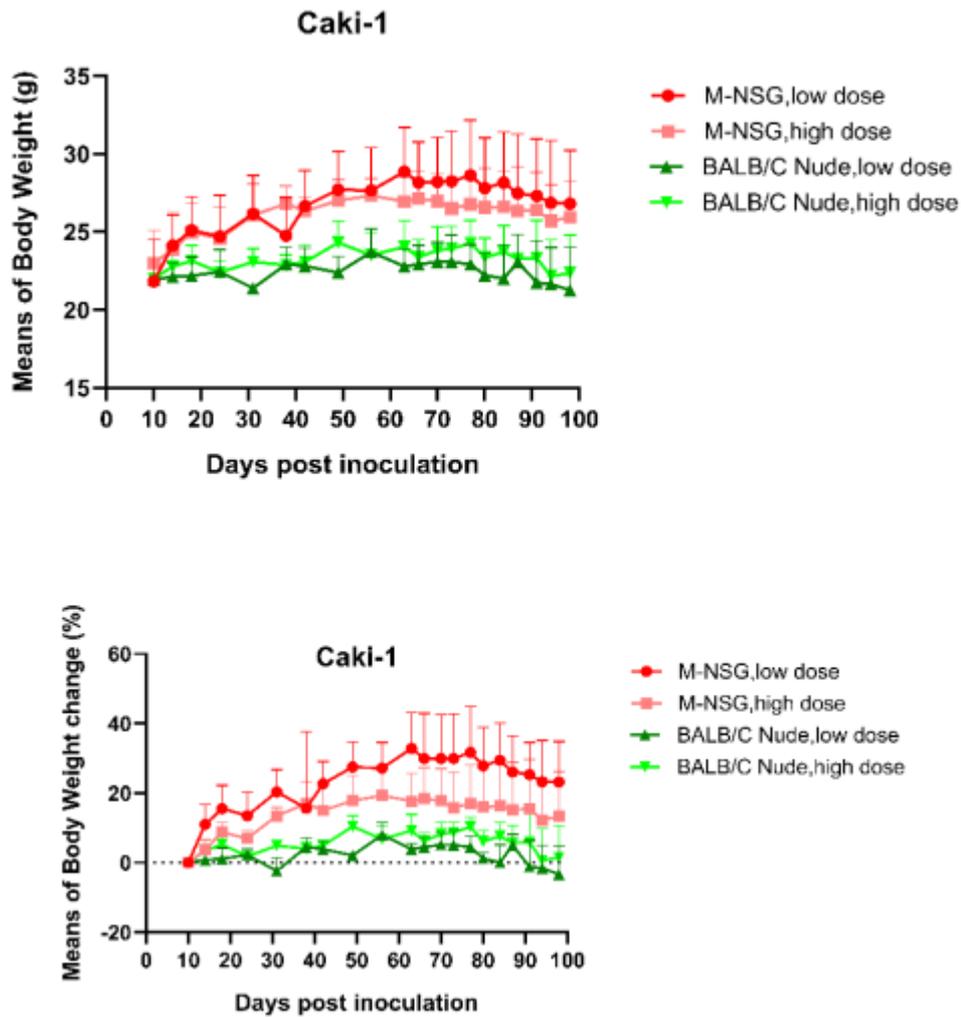

Fig2. Body weight change of Caki-1 xenograft model (n=4~5)

*Wild-type cell lines are not for sale, and only applied to construction of tumor bearing mice and in-vivo efficacy studies.
